

Office of the Special Land Acquisition Officer No. 3 (Gen) Sangli.
Dated 21-1-1979. (1)

A W A R D

Title:-

Acquisition of lands for the construction of Kasegaon-

Kasegaon- Sagon road at village Aundhi. Tal: Shirala Dist: Sangli.

Notifications:-

(a) Notifications under section 4 of the Land Acquisition Act 1894.

1) Number and date:- S.L.A.O No. II (Gen) Sangli's No. SPL/IAQ/II/AR-123 dated 10-6-73

ii) Date and page of gazette in which the notification was published. Mah. Govt. Gazette supplementary Part I dated 6-7-73 published at page 1682.

(b) Notification under section 6 of the Land Acquisition Act 1894.

1) Number and date:- Commissioner Pune Dn. Pune's Notification No. SPL/AR/22/25-860 dt. 3-9-75

ii) Date and page of gazette in which the notification was published. Mah. Govt. Gazette supplementary Part I Pune Dn. dt. 18-9-75 published at pages 2763 and 2764.

Lands notified:-

Dist: Sangli Taluka: Shirala Village Aundhi

Survey/Gat Nos. Area notified

As per accompanying list.

1. Reasons for the Award:-

Introduction:- The Ex. Engineer Zilla Parishad (B & C) Sangli under his letter No. 44/works-202 dt. 19-6-72 initiated a proposal for acquisition of lands for the construction of road at village : Aundhi. The Collector of Sangli under his endt. No. LAQ/AR-222 dated 27-6-72 directed the Special Land Acquisition Officer No. II (Gen) Sangli to start the acquisition proceedings. The purpose of acquisition is in the interest of the public in general and hence it is a public purpose as defined in the Land Acquisition Act. 1894. The Commissioner Pune Division Pune accordingly notified the lands under section 6 of the Land Acquisition Act. 1894. under ordinary clause. The case was then transferred to the S.L.A.O No. 3 (Gen) Sangli.

2. Area and tenures:- The lands were jointly measured by the representative of the Acquiring Body and survey department. The result of the measurement work has been mentioned in the plan to

Para 2 continued:-

Sheet and joint measurement certificate. None of the interested persons raised any objection to the measurement work carried out jointly and hence the area shown in the joint measurement certificate in respect of lands under acquisition is taken as true area for the purpose of awarding compensation. The details of survey number Area notified and the assessment per hector except the survey number and area abandoned is as under:-

S.No.	Survey Nos.	Area notified H.A.	Assttl per hector. Rs. paise.

30.	130/4 Part	0-29	1-55.

3. Notices to parties and public notices:- Public notices under section 4(1) and sec.9(1)(2) were duly published in the Chavadi Tahsil office as well as on the lands under acquisition. Similarly, individual notices under sect.4(1) and 9(3)(4) were duly served on the persons known or believed to be interested in the lands under acquisition.

4. Ownership:- As per V.F. VII-XII extracts of the lands under acquisition the lands stand in the name of the persons noted in the statement as occupant and that it is owner cultivated. The entries in the record of rights are taken as base for disbursement of compensation. There are no tenants in the lands under acquisition. The ownership of the land under acquisition is not disputed by any body.

situated to the eastern side at a distance of 1 K.M. of village
Kothan of Bundhi which is a village in Taluka Shirala. Dist:
Sangli. The maximum assessment of Bagayat/ Jirayat Tari Rs.26-56
8-28 and 26-56 respectively. 1000 per hector, while the assess-
ment of the Jirayat, lands under acquisition is Rs.0-91 to 6-49
respectively. The population of the village is 750 as per 1971 ce-
census. This village has got facilities Educational up to IV stand.
The village 4 K.M from Shirala which is a taluka H.A.

6. Site inspection:- I have seen the site. The lands are medium and
inferior type of Jirayat lands. Some S.Nos. are Malran and
rocky. The main crop seen in the land is paddy, Jawar, and
ground nut. Most of the lands though Jirayat, are paddy growing.
The lands are redish black. There is one mango tree in S.No.94/15
and 5 Mango trees in S.No.91. There are no trees in other S.Nos.
On enquiry the other trees shown in the panchas were cut by the
land holders. the farm accounts. A statement showing the

7. Claims:- The claims made by the interested persons are detailed
in the annexure 'A' and remarks in respect of their claims are
recorded in the last column of Annexure.

8. Evidence in support of the claims:- The interested persons have
not adduced any documentary evidency in support of their claims.

9. Evidence by the Acquiring Body:- The Acquiring Body has adduced
no evidence to the market value of the lands under acquisition.

10. Panch-Valuation:- The panchas. have valued the lands under
acquisition at Rs.2000 to 4000/- per hector. For inferior medium
and superior Jirayat/ lands respectively. The basis on which the
panchanama is made is not known.

11. Valuation:- According to the Land Acquisition Act the material
date for valuing the lands is the date of publication of notificatio-
under section 4 of the Land Acquisition Act. In the present
proceedings no.4 notification was published in the Mah. Govt.
Gazette on 5-7-73 and hence this date is material date for
valuation the lands under acquisition.

For the purpose of valuation I have classified the lands
on the basis of assessment per hector are as under:-

- 5--
- Class I Having assessment of Rs.5/- per hector. and above.
- Class II Having assessment of Rs.2-50 per hector but below Rs.5/-
- Class III Having assessment of Rs.2-50 and below.

On the above basis I have classified the lands under acquisition are as under:-

- 1) Class I 94/2A, 94/9B.
- 2) Class II 93, 94/2, 94/16, 97/6, 97/7, 97/8, 97/9A, 97/9B, 97/10, 98/11A, 97/11B,
- 3) Class III 91, 92/1, 94/12, 94/13, 94/15, 94/18, 97/12, 97/13, 97/14, 97/15, 97/16, 126/1, 126/2, 130/1, 130/2, 130/3 and 130/4.

There are three methods of valuing the agricultural lands. The first method is on the basis of the sales of lands, under acquisition itself. The second method is on the basis of sales of lands in the vicinity of recent part. The third method is on the income basis. Out of the above three methods the third method is to maintain farm accounts is not followed by them as the agriculturists do not maintain the farm accounts. A statement showing the sales recorded in the vicinity of lands under acquisition (Annexure B) is enclosed. This statement will go to show that there are in all 13 sales instances are available for discussion and none of the sales is in respect of lands under acquisition itself. I am therefore adopting the second method for valuing the lands under acquisition. The relevancy of these sales in valuing the lands is discussed below. The sales are for Jirayat/Bagayat lands. I have collected 13 sales from village Aundhi for the purpose of valuation of this case. The sales are discussed below.

S. No.	Survey/Gat Nos.	Rate of asstt. per hect.	Rate of lands per hector.	Date of transa ctions.	Remarks Kind of land i.e. Jirayat/ Bagayat etc.
1.	2.	3.	4.	5.	6.
1.	111/1B	2-08	2000	21-5-68	Jirayat.
2.	94/2	3-37	2857	19-7-69	do-
3.	36/5	1-55	1500	2-3-70	do-
4.	18	5-55	432	21-4-70	do-Medium
5.	140/1+2A	2-30	1150	13-5-70	do-
	141/1	1-22

		with reight of well water.			
11.	88	1-27	42	19-2-72	Jirayat.
	87/2	1-55			
12.	116	1-35	672	9-3-73	Malran rock
13.	137	2-02	3270	20-6-73	Jirayt.

The above sale statistics are classified on the basis of assessment of in class III as under-

Class I jirayat

Sale S.No.	date	rate per hector.
4.	21-4-70	432 purchased by tenata
5.	13-5-70	1150 purchased by brother.
8.	26-4-71	555
9.	27-5-71	11537 with right of well water
10.	16-11-71	7665

Class II jirayat

2.	19-7-69	2857.
----	---------	-------

Class III

1.	21-5-68	2000
3.	2-3-70	1500
6.	18-6-70	1388
7.	13-7-70	765
11.	19-2-72	42
12.	9-2-73	672
13.	20-6-73	3270

Class I Jirvat land

There are in all five sale instances for consideration and for fixing the value of the land in this class. Out of the sale instances at S.No.4 is between tenant and landlord, hence this sale can not be taken into consideration. Hence it is discarded. The sale at S.No.5 is between the relatives. This also therefore not useful for valuing the land. This is also discarded. The third are at S.No.8 has a special facility of well water, and hence this also can not be taken into consideration. This is also therefore rejected. There are now only two sales. In sale No.8 value fetched in 1971 is Rs.5555/- while in No.10 which took place after seven months consideration paid is Rs.7665/-. The panchas have valued this class of land at Rs.4000 per hector. The date of notification under section 4 in this proceeding is 10-6-73. The above sales are of the year 1971. Considering the gap of 1½ years it would be reasonable and fair to value the lands in this class.

the rate of Rs.6000/- per hector I therefore fix the compensation for the lands in class I at the rate of Rs.6000/- per hector.

Class II Jirayat

In this class of land there is only one sale. There too between relative. Hence this sale can not be taken into consideration as it will not reflect correct value. The consideration paid is Rs.2857/-. This shows that the value of the land may be more than what is paid. The lands under acquisition in this class are under cultivation and paddy, Jawar, and ground nut is grown as is seen from the record of rights. This is a medium class of land and as there is no sale instances for fixing the valuation it will have to be fixed on the basis of valuation of class I land considering the present trend of prices of agricultural lands, it would be reasonable and fair to value this class of land at Rs.3000/- I therefore fix the compensation at Rs.3000/- per hector.

Class III

There are in all 7 sale instances available for valuing this class of land. The sale instance at S.No.7 has fetched value of Rs.42/- per hector. This value is too low. Hence this sale is discarded. The sale instance at S.No.1 and 6 are of the nearest land under acquisition. The consideration paid on 21-5-68 and 18-6-70 is Rs.2000/- and 1388/- respectively. Though these sales are of nearest land, they are of three years back of the date of notification. The sale at S.No.13 has taken place only after 10 days of the notification. The value paid is Rs.3270/- This shows the trend of prices. However considering the value of Rs.2000/- paid in 1968 and Rs.3270/- paid in 1973, it would be reasonable and fair to value these lands at ^{Rs.2500/-} ~~Rs.2500/-~~ per hector. Accordingly I value these lands at Rs.2500/- per hector.

Out of the above lands, land comprised in S.No.92/1, 126/1, and 126/2 are purely malran and coky, I therefore value these lands at the rate of Rs.1500/- per hector.

12. s-Pot Kharab: ^{On site} inspection it is noticed that all the lands under acquisition ^{have} been brought under cultivation and hence I am not valuing the pot-kharab lands separately.

13. Tals, wells, Trees, and structures:-

1) Tals:- No tals were shown in the J.M.C. and J.M.P. and hence question of payment of compensation does not arise.

11a: there are not wells shown in the J.M.C and J.M.P and the question of payment of compensation in this respect therefore does not arise.

12 Trees:- No trees were shown in the J.M.C and J.M.P. However at the time of site inspection five mango trees in S.No.91 were seen and one mango tree in S.No.94/15. These trees are old. Panchas have valued the all the nine trees at Rs.1200/- and one at Rs.50/- The panchana does not appear to be reasonable I therefore value 5 trees at Rs.500/- and one at Rs.100/-

iv) Structures:- No structures were shown in the J.M.C. and J.M.P. nor it has been seen at the time of site inspection and hence the question of payment of compensation in this respect does not arise.

14 Damages on account of injurious affection loss of business of goodwill etc:-

The interested persons are not entitled to damage in form of compensation as there is no loss of goodwill and injurious affection.

15 Inam lands:- The land under acquisition are not belonging to Inam category. The question of fixing valuation as Inam lands or the question of recovery of "Nazarana" etc. therefore does not arise.

16. Tenants:- There are no tenants in the lands bearing S.No.94/13, 91 and 92/1, under acquisition the question of apportionment of the amount of compensation between the landlord and tenant, therefore does not arise. If the lands have not been sold U/s 32 G the the B.T. and A.L. Act. then compensation amount may be paid to the Land lords and tenants, as 40:60. If the purchase price has been fixed then 40 times the assessment should be recovered as Nazarana S.No.93 has been sold under section 32 G. Hence 40 times the assessment as Nazarana should be recovered from compensation and credited to Govt. The remaining amount should be paid to the former Land lord, if the purchase price has not been fully paid or else it should be paid to the tenant purchaser.

17 Encumbrances:- As per extracts of V.F.VII-XII of the lands under acquisition it is seen that there is encumbrances on the following lands.

S.No. Type of encumbrance.

94/2
126/2

Sangli L.D. Bank
Bandu Rama Chavan Mortgage

94/12, 97/13

Tagai and society. Aba Pandu Shinde

Mortgee.

Babau Bala shinde.

Chandrabhaga Tukaram Shinde.

As regards the society and land mortgage bank dues it is ordered that the amount of compensation should be paid on production of proof that these encumbrances are satisfied and deleted from the record of rights or on production of certificate from the concerned society and Bank to the effect that it has no objection to pay the amount of compensation to the interested persons failing which the amount should be paid towards satisfaction of these dues and the balance if any should be paid to the interested persons.

As regards the tagai dues, it is ordered that, for the lands encumbered with these dues should be paid towards satisfaction of these dues and the balance if any should be paid to the interested persons.

As regards other encumbrances, the amount of compensation should be paid on production of proof that these encumbrances are duly deleted from the record of rights.

18. Severances:- There are no severances formed in respect of the lands not acquired but left in possession of the Kabjedar after acquisition of their lands. The question of compensation to the interested persons as severance therefore does not arise.

19. Solatium:- Besides the market value of the lands under acquisition statutory solatium of 15 percent should be paid to the interested persons for compulsory nature of acquisition as per sec.23(2) of the L.A. ACT 1894.

(13)

Possession and crop compensatin etc:- The possession of the lands have not been taken under the provisions of the L.A Act.1894, and therefore the question of payment of interest does not arise. However the possession was taken earlier by private negotiations and the question of crop compensation, rental compensation payment of rent etc. if any should be decided the acquiring body with reference to actual facts or be paid at the rate of 6% on the award value from the date of actual possession taken over by the A.B. till the date of payment of compensation.

21. Measurement and percentage charges:- This is a Zilla Parishad project. The measurement and percentage charges are therefore leviable from the Executive Engineer (B and C) Zilla Parishad Sangli.

The details of the valuation are as under:-

1. Land value	Rs. 2995-00
2. Crop, trees, wells, structures.	Rs. 600-00
3. Severances and damages.	Rs. -
4. Solatium	Rs. 539-23
5. Interest.	Rs. -
6. Capitalised value of the Asstt.	Rs. -----
	4134-23
	373-25

	4507-28

Award:-

I therefore declare that

1. The area of the lands finally acquired is 1 Hectar 41 Area.
2. The Total sum of compensatin payable is Rs. 4507-28/- four thousand five hundred and seven and paise twenty eighty only. to be paid to the interested persons as per award statement.

The lands having been finally acquired shall vest in Govt. free from all encumbrances, equities and tenures lawfully, subsisting in favour of any persons other than the Govt.
