Reasons for Award

The Executive Engineer Minor Irrigation ZP Sangli, who is the Acquiring Body in this case, has, under his letter NO MID/LA/WS/1706/72 dated 7.7.1972 has initiated the proposal for acquisition of lands for construction of Percolation tank, from the Village Padalewadi (Padali) Tahsil Shirala, District Sangli. The Collector Sangli vide his endorsement NO LAQ/WS/2989 dated 17.7.1972 has returned the proposal to the A B for complying with some discrepancies Thereon the A B resubmitted the proposal duly complied with under its NO MID/LAQ. 2501/74 dated 31.12.74 to the Collector Sangli who has forwarded it to the SLAO NO I (General) Sangli under the endorsement NO LAQ/SR/434 dated 16.1.1975. In the endorsement the Collector Sangli [illegible] the S.L.A.O No I (General) Sangli to start the land acquisition proceedings as usual. This case has been received from the S.L.A.O No III on 21-7-1979 as per distribution order passed by the Collector Sangli for further action.

The purpose of acquisition is in the interest of public in general and hence it is a public purpose within the meaning of the Land Acquisition manual. The lands were notified under Section 6 of the Land Acquisition Act 1894 and The Commissioner Pune Division Pune, has appointed the Special Land Acquisition Officer No II (General) Sangli under clause (c) of Section 3 of the Land Acquisition Act, to perform the functions of the Collector, for all proceedings hereafter to be taken in respect of the said lands and also directed to proceed with land acquisition proceedings in respect of the said lands by making all the necessary arrangements for that purpose.

The lands under acquisition were jointly measured by the representative of the Acquiring body and the Survey Department. The result of the measurement work has been mentioned in the joint measurement certificate. The interested persons did not raise any objection to the measurement carried out and hence the area shown in the joint measurement certificate is taken as true and final for awarding compensation for the lands.

Notices and measurement

Public notices under section 9(1)(2) were published in the village chavadi, Taluk Office and on the lands under acquisition. Similarly individual notices under Section 9(3)(4) were served on the interested persons requiring them to state the nature of their interests in the land and their claim for compensation and objections if any to the measurement made under Section 8 of the Land Acquisition Act.

The entries in the V.F. VII, XII are taken as base for deciding the ownership of the lands under acquisition and for awarding compensation to the interested persons.

Situation and Description

The lands under acquisition are situated at about 1/2 K.M from the Village Padal gaothan. The building activity near about this village is practically nil. Also there is no possibility of any applications for N.A. purpose in near future. There is no weekly bazar in the village. The people have to go to Shirala for bazar which is about 7 K.M. There is primary School facility at the village but for Secondary Schooling the Children have to go to Shirala. There is not Good medical dispensary at the village but there is one private dispensary there. At Shirala there is ample medicals there. There is ST bus facility available. There is ST bus facility from Shirala to Islampur via Padali Kore in a day. The population of this village is 975 according to 1971 census.

The land Pot-kharab is a class by itself.

The Pot-kharab area in the lands coming under acquisition is as under: The Pot-kharab area is taken in to consideration as per J.M.C.

Claims

A statement showing claims made by the interested persons in response to the notices under Section 9(3)(4) of the Land Acquisition Act, is enclosed (Annexure A). The remarks in respect of the claims are recorded in the last column of the said statement.

Evidence in Support of the Claimants

The interested persons who appeared for enquiry under section 9 of the Land Acquisition Act have not presented any evidence for valuation of the lands under acquisition. However they have said that the lands may be valued at the present market rates prevailing in the village and vicinity. There request has to be considered on merit after following "Formalities"

Evidence By the Acquiring Body

The acquiring body has not produced any evidence regarding the valuation of the lands under acquisition

Panch Valuation

In the Panchnama dated 2.12.74 made by the Circle Inspector, the valuation is made at the following Rates

	Survey No	Area H A	Valuation Rs	Per Hect Valuation Rs
1)	438/0	4-82	5000	138

16)	439/11A	0-01	850	10000
17)	439/11B	0-01	300	8000

The Valuation made is according to the estimation of Panchas and not a valuation based on any method. The Panchas have not adduced any evidence either oral or documentary, in support of their say. The Panchnama made by the Circle Inspector will not therefore be useful for fixing the proper valuation of the lands under acquisition. I, therefore, discard the Panchnama.

Preparation of Sales Plan

The map showing the sale transaction that took place in the vicinity of the land under acquisition, is prepared and kept on record.

Classification of lands

Classification of lands

Some ~~The~~ parcels of lands coming under acquisition ~~in the case of~~ are of good quality Jirayat and Tari ~~and seasonal~~ Bagayat lands. Some Pot hissas of S.No 439 are Tari lands ~~seasonal Bagayat~~ in which Paddy crop and Jowar is raised. ~~These are Tari lands~~ The average assessment of these lands is between Rs 1 to 12 Rs ~~with an exception of Rs 24.00 in case of only one parcel per hectare~~. The other lands under acquisition are maltran. There are no Bagayat land in the process acquisition. For convenience therefore, the lands are classified as under

	Assessment	Class
(I) Jirayat	Between Rs 1 to 3-99	IV
	-Do- Rs 4 to 7-99	III
	-Do- Rs 8 to 11-99	II
	-Do- Rs 12 and above	I

II) Tari lands

VALUATION

The sales available for discussion in the village are 10 only which are as below

S.No	Survey No	Area Purchased H. A	Year of Purchase	Valuation P.H	Class of Jirayat
1	2	3	4	5	6
1	469/2	1-35	20-4-68	1482	IV

10	206/7	0-24	6-4-74	3333	[illegible]

(X)

In the above statement the sale at S.No 6 is important. It is located near the land to be acquired. If we assume this price to be true i.e. Rs 5000/- in round figure in the year 1972 (Rs 4444/-) the further increase at the rate of 50% i.e. Rs 2000/- ~~per year~~ Per Hectare in the price upto the date of publication of notification under section 4 of the Land Acquisition Act (i.e. 1977) ~~could be Rs 5000/-~~ for 5 years i.e. the price of the land would therefore be Rs ~~[illegible]~~ 6444 p.H in the year 1977 i.e. in round figure Rs ~~[illegible]~~ 7000/- p.H. The sale at S.No 7 is a suppressed sale in the year 1974. Moreover as the assessment of the land is 0.56 p.H against the assessment of sale at S.No 6 of Rs 2.01 p.H though the land at S.No 7 is of inferior variety though classified as jirayat IV. The other sale statistics are discarded being suppressed one and between relatives and along transfers.

The recent sale recorded in the village is Rs ~~[illegible]~~ 14286 and 12000/- p.H in the year 1978 and 1979 for jirayat medium class of land. These lands are out of black soil and situated near ... project. These lands are of good quality jirayat lands and hence the sales are executed at above enhanced rates. Taking into consideration the sale of R... offered for jirayat class of land, ~~rates for other types of lands~~ the rate for jirayat class I land works out to Rs 10000. Tari class IV is equivalent jirayat class land and so rate of 10,000 for Tari class land seems to be reasonable.

Though we have discarded the Panch Valuation of the lands under acquisition made by the C.J. on 2.12.74 still average valuation per hectare of the lands under acquisition works out to the extent of Rs 8.000/- to 10.000/- p.H.

From the above discussion it could be seen that the villagers have recorded very proper prices of their lands in ~~the sale~~ deeds.

Looking to the assessment, type of lands, their normal yields in jirayat and Tari lands, the normal rate per guntha in this village in the year 1977, it would be fair and justified to offer the following rate for the lands to be acquired:—

Structures Tals Wells Fencing or Compound walls

There are no structures, Tals, wells, fencing ~~...~~ or compound walls in the lands under acquisition ~~and~~ No compensation is therefore required to be awarded on this factor.

Damages on account of severance and injurious affection.

On account of acquisition of lands in the present case the following severance is formed

S.No.	Survey No	Area of Survey No H. A	Area under acquisition H A	Area left with the Khatedar H A	Area of Severance H. A (approx)
1	2	3	4	5	6
1	439/9	0-13	0-12	0-01	0-01
2	435/12-B	0-05	0-04	0-01	0-01

On account of the present acquisition small pieces of lands less than 10 gunthas are remaining with the Khatedar and since the severance are less than 10 gunthas, the Khatedar will not be able to cultivate these pieces conveniently. Besides the Kalyedars are deprived of the whole income of the land remaining with them.

Taking in to consideration the damage caused to the holdings it would be just and fair to award compensation to the extent of 1/10 of the valuation of the lands acquired in this case, in respect of the land remaining with them

Survey No.	Area of severance H A	Amount of compensation for severance
439/9	0 – 01	12-00
439/12 B	0 – 01	10-00

Inam lands

The lands under acquisition are not belonging to Inam category. The question of fixing their valuation as Inam lands or question of recovery of Nazarana etc therefore, does not arise.
