Reasons for Award:-

Introductions:- The Chief Executive Officer Zilla Prishad Sangli, under his letter No. MID/LA/SS/791-3932/75 dated 1-8-75 initiated a proposal for acquisition of lands for the constructions of percolation Tank at Village Wakurde (bk). The Collector of Sangli under his endt. No. LAQ/SR-593 dated 18/8/76 directed the Special Land Acquisition Officer No.1(Gen) Sangli to start the acquisition proceedings. The purpose of acquisition is in the public interest and hence it is a public purpose.

(3)

the Land Acquisition Act, 1894. The Commissioner Pune Dn. accordingly notified the lands under section 6 of the Land Acquisition Act, 1894 under ordinary clause. The case has subsequently been transferred to the Special Land Acquisition Officer No.3(Cen) Sangli.

2. Area and Tenure:- The lands were jointly measured by the representative of the Acquiring Body and survey Department. The result of the measurement work has been mentioned in the plan table sheet and joint measurement certificate. None of the interested persons raised any objections to the measurement work carried out jointly and hence the area shown in the joint measurement certificate in respect of lands under acquisition is taken as true area for the purpose of awarding compensation.

3. Notices to parties and public notices:- Public notices under section 4(1) and section 9(1) and (2) were duly published in the village Chavadi, Tahasil office as well as on the lands under acquisition. Similarly, individual notices under section 4(1) and 9(3) and (4) were duly served on the persons known or believed to be interested in the lands under acquisition.

4. Ownerships:- As per V.F.VII-XII extracts of the lands under acquisition, the lands stand in the name of the persons noted in the statement as occupant and that it is owner cultivated. The entries in the record of rights are taken as base for disbursement of compensation. There are no tenants in the lands except S.No 393 under acquisition. The ownership of the lands under acquisition is not disputed by any body. S.No 383 and 386 are Government forest land and hence question of ownership does not arise.

5. Situations and descriptions:- The lands under acquisition are situated to the east-west site at the distance of 1 K.M. from the Gaon of Village Sakurde (bk) which is a village in Tahasil Shirala Dist: Sangli. The maximum assessment of the lands in the village is Rs. 7-50 foot Bagayat as well as Jirayat while the lands under acquisition is assessed at Rs. 3-42 per hecter from this it will be seen that the lands under acquisition falls in between the category of medium and inferior quality of lands. The population of the village according to 1971 census is 2100. There is

(7)

Administrators do not maintain the farm accounts. A statement of sales recorded in the vicinity of the lands under acquisition (Annexure 'A') is enclosed. This statement will go to show that there are in all 5 sale instances are available for discussion and none of the sales is in respect of lands under acquisition itself. I am therefore, adopting the second method for valuing the lands under acquisition. The relevancy of these sales in valuing the lands is discussed below. The sales are for Jirayat lands. I have collected five sales from village Wakurde (bk) for the purpose of valuation in this case, the sales are discussed below.

Sl. No.	S.No.	Rate of Asstt. per Hectore.	Rate offer Hectore.	Date of transactions.	Remarks Kind of lands.
1.	2.	3.	4.	5.	6.
1.	351/1	10-30	30,000	28/4/69	Jirayat Paddy
2.	439/130 1 share	10-00	8,000	19/6/69	land on G.No. 2
3.	345/2	7-67	5,555	15/6/71	---do---
4.	358 0-5-4 share	9-28	2,158	14/3/72	---do---
5.	379/1 1 share in 2 well water	13-64	27,273	7/5/74	---do---
STATEMENT No. 2:-					
6.	151/8	2-50	6,000	5-2-71	---do---
7.	10	2-47	3,373	4-3-71	below
8.	311/3	1-00	1,353	19-4-71	---do---
9.	308/4	1-83	1,653	9-1-75	---do---
10.	90/1	7-94	9,090	9-6-75	
11.	255/2	0-76	2,142	7-7-75	

From the above details it will be seen that there are in all eleven sale instances available for fixing the valuation of all lands under acquisition. All these sale instances are of Jirayat lands.

Out of eleven sale instance the sale instances at S.No. 1 and 2 are of prior to five years from the date of publication of section 4 notification. Moreover the average assessment of these sale instances is Rs.10/- and above while the average maximum assessment of lands under acquisition is below Rs.3-42 per hectore and hence these sale instances will not be useful for fixing the valuation of lands under acquisition. I therefore discard these sale instances.

Thus there remainst nine sale instances in which the average assessment of sale instance at S.No.4&5 is Rs. 13-26 & Rs.13-64 per hector. The lands in sale instance at SNo.4 and 5 is of 0-5-4 share and $\frac{1}{2}$ share respectively. The price realised in sale instance at SNo. 4 is abnormally low as compared with the price realised in sale instance at SNo.5 which is abnormally high and hence these two sale instance will not be useful for fixing the valuation of lands under acquisition. I therefore discard these sale instances.

Thus there remains only seven sale instance at S.No.3 in which the average assessment is Rs. 7-67 per hector. The land was sold at the rate of Rs.5555/- per hector on 15-6-71. The average assessment of the lands under acquisition ranging in between Rs.0-76 to 3-42 per hector. The sale instance at S.No. 6 and 7 are of jirayat land ~~ha~~ having nearly equal assessment. No. also sale look at the same to here. But the price realised is Rs.6000/- and 3773/- .The lands at sale instances at S.No. 8 and 11 are assessed at Rs.1000,1-23 and 0-76 and value fetched is 1353/- 1653/- and 2142/- on 19-4-71, 9-1-75 and 7-7-75. The ratio appear to be of very inferior quality and hence ^{the} price ^{is} low. In case of lands under acquisition I thought ~~that~~ ^{they} they are at low rate actually ~~which~~ are under cultivations.

Taking into consideration this sale instance, the average assessment and price fetched per hector, the type of land and the increasing trend of prices of agricultural lands on date of publication of section 4 notification i.e. on 23-9-71 would be fair and equitable to fix the value of the land under acquisition as noted below.

- 1) Class-II Medium Jirayat lands @ Rs.7000/- per hect. cultivated
- 2) Class III inferior Jirayat lands @ Rs.6000/- per hect. any compensation
12. Pot Kharab Lands :- On site inspection it is noticed that the lands under acquisition have been brought under cultivation and hence, I am not valuing the pot Kharab separately.
- 13 Tals, wells, Trees, and structures :-

1) Tals :- No tals were shown in the joint measurement and joint measurement plan and hence the question of compensation in this respect therefore, is.

11
were no wells shown in the J.M.C. and J.M.P. In
tion of payment of compensation in this respect
an not arise..

On perusal of J.M.C. and J.M.P. it is seen that there are
the Mango tree shown in S.No.398 & 393 each respectively. At the
of enquiry under section 9(3)(4) the respectively Kabjedars
in their statement that they are going to cut the
es for their domestic use and they have not claimed the
compensation for the Mango trees, and hence the question of
awarding compensation for mango trees, therefore does not arise.
iv) Structures:- No structures were shown in the J.M.C. and J.M.P.
nor it has been seen at the time of site inspection and hence the
question payment of compensation in this respect, therefore does
not arise.

14. Damages on account of injurious affection, loss of business
or goodwill etc:-
The interested persons are not entitled to damage in form
of compensation as there is no loss of goodwill and injurious
affection.

15. Inam Lands:-
The lands under acquisition are not belonging to
Inam category. The question of fixing valuation as Inam lands or
question recovery of "Nazarana" etc. therefore, does not arise.

o. Tenants:- There are not tenants in the lands under acquisition
the question of apportionment of the amount of compensation
between the landlords and the tenants, therefore does not arise.

On perusal of V.F.VII-XII bearing S.No 393 the name of Shri Bala
Naikawadi has been shown in other rights column as protected
tenant. At the time of enquiry under section 9(3)(4) it has been
stated by the servishri Babu Ganu Naikawadi deceased heir of late

Shri Ganu Bala Naikawadi that the name of his father is bogus she
shown in other rights column of V.F.VII-XII as he has purchased
the 1/2 share of the land and his name has been entered in
Kabjedars Column, and hence the question of apportionment of the
amount of compensation between Landlord and tenant therefore does
not arise.
the same will not
economical cultiva-
claimed any comp
in the above lands
to award comp
fragments shoul
nce charges.

ences:- AS per extracts of V.F.VII-XII of the lands un-
tion, it is seen that there are encumbrances on the followin

S.Nos.	Type of encumbrances.
398	V.K.S. Society.
396/4, 396/8, 396/2, 396/6, 396/7 396/10, 396/11.	(1) Dadu Ravaji Shetke, (2) Ganu Bala Naikawadi.
398	Tagai.

As regards the society and Land mortgage Bank dues, it is
ordered that the amount of compensation should be paid on producti
on of proof that these encumbrances are satisfied and deleted from
the Record of Right or on production of certificate from the
concerned society and Bank to the effect that it has no objection
to pay the amount of compensation to the interested persons, failing
which the amount should be paid towards satisfaction of these dues
and the balance, if any, should paid to the interested persons

As regards the Tagai dues of which charges is kept on G.No.
398 it is ordered that, for the lands encumbered with these dues
should be paid towards the satisfaction of these dues and the
balance, if any should be paid to the interested persons.

As regards other encumbrances, the amount of compensatio
should be paid on production of proof that these encumbrances
duly deleted from the record of rights.

18. Severances:- There are servences formed in respect of below
mentioned lands not acquired but left in possession of the Kabje
after acquisition of their lands.

S/G/T number.	Area of severances.
396/11	ah H. A. 0-01

The area left after acquisition is such that the same will no
be useful to the Kabjedars for profitable and economical cultiva-
tion. The Kabjedars of the above Lands have not claimed any compa-
-sation for severances. The Area of severance in the above lands
is less than ten Ares. It will, therefore, be fair to award comp-ov
tion to the Kabjedars of this lands. I therefore, ordered that
percent of the sanctioned market value of the fragments shoul
awarded to the respective Kabjedar as severance charges.

Statement showing the apportionment of compensation payable to the interested persons in enclosed (Annexure C) (15)

Solatium:- Besides, the market value of the lands under acquisition statutory solatium of 15 percent should be paid to the interested persons for compulsory nature of acquisition as per section 23(3) of the land acquisition Act, 1894.

21. Possession and crop compensation etc.:- The possession of the lands have not been taken under the provisions of the L.A. Act 1894 and therefore, the question of payment of interest does not arise. However the possession was taken earlier by private negotiations and the question of crop compensation, rental compensation, payment of rent etc. if any should be decided by the Acquiring Body with reference to actual facts or be paid at the rate of Rs. ¹⁰/₁₀₀ on the Award value from the date of actual possession taken over by the Acquiring Body till the date of payment of compensation.

22. Measurement and percentage charges:- This is a Govt project. The measurement and percentage charges are not therefore, leviable from the Chief Executive Officer Zill Parishad Sangli as this work has been taken under scarcity Re-Relief Programme. The details of the Valuation are as under:-

1. Land Value.	Rs.	12680-00
2. Crops, Trees, wells, structures.	Rs.	0-00
3. Severance and Damages	Rs.	0-00
4. Solatium.	Rs.	1902-00
5. Interest	Rs.	0-00
6. Capitalised value of the asstt.	Rs.	0-00

AWARD :-

I therefore, declare that

(a) the total area acquired is 2 Hectar 11 Ares.

(b) the total amount of compensation payable is Rs. (14582/-)

Fourteen thousand five hundred eighty two only to be paid to the interested persons as per award statement.

The lands having been finally acquired shall vest in Govt free from all encumbrances equities and tenures lawfully subsisting in favour of any persons other than Government.
